

# HOW MATHS CAN SAVE THE PLANET

Join **Matt Parker** and a group of leading experts from across the UK to find out how maths can take you to a career in helping the planet. In an interactive hour online, we'll show how careers that deal with climate change make use of: **Statistics** | **Probability** | **Geometry** | **Estimation**

**WEDNESDAY 10TH NOVEMBER**

**10am – 11am or 2pm – 3pm**

**Live on YouTube – FREE for all schools in Scotland**

A recording will be available for those unable to watch live.

IDEAL FOR S4 AND S5 STUDENTS,  
suitable for stronger S3 students too

BOOK FOR THE LIVE SHOW OR RECORDED VERSION

by emailing [sarah@mathsinspiration.com](mailto:sarah@mathsinspiration.com),

stating your name, school name, and approximate number of students

**maths**
